Dear Nurish partners

I hope my email finds you well.

Even though we are still in the middle of the GAP, after consultation with the Project Officer, we are now ready to announce that the project's initiation date will be **October 1st 2025**.

Until then several actions have to be done (GAP conclusion, GA signing, CA preparation / review and signing), for which emails with instructions will follow.

In any case, we have initiated the preparatory activities for the **Kick-off meeting (KoM) which will be held in Athens in October 22 - 24** (Serafio Center, 19 Ehelidon & 144 Pireos street, 11854 Athens, Greece), so **please reserve these dates in your calendar**, because the participation of at least one person per partner will be necessary.

We remain at your disposal for any further information

Best regards,

Vassiliki Missa
